HOME HEALTH CARE

What is Home Health Care?

Home health care is simply health care delivered in a patient's home. Home health care services can range from nursing care or rehabilitation following hospitalization, to assistance with daily activities.

Traditions coordinates numerous aspects of patient care and offers a full range of in-home services by our quality clinical staff.

SUPERIOR SERVICE

OUR SERVICES INCLUDE

OUR GOAL

At Home for Healing

When ill or recovering from an injury, patients would rather be at home with the people they love. Traditions Health Care offers full home care services ranging from nursing assistance with everyday needs to physical, occupational and speech therapies. Being at home in a comfortable, familiar surrounding has proven to accelerate the recovery process.

Superior Care

Traditions Health Care services are provided by highly trained home health care professionals dedicated to give superior care and comfort to patients.
